

Supporting a strong  
financial industry  
that facilitates  
economic growth  
and job creation

## ABOUT

The Securities Industry and Financial Markets Association (SIFMA) brings together the shared interests of hundreds of securities firms, banks and asset managers. These companies are engaged in communities across the country to raise capital for businesses, promote job creation and lead economic growth.

SIFMA's mission is to support a strong financial industry, investor opportunity, capital formation, job creation, and economic growth, while building trust and confidence in the financial markets. SIFMA, with offices in New York and Washington, D.C., is the U.S. regional member of the Global Financial Markets Association (GFMA).

## ISSUES AND COMMITTEES

SIFMA is a member-driven trade association that represents a broad spectrum of the financial markets.

SIFMA has nearly 100 standing committees; additional task forces and subcommittees are formed to address specific topical needs as they arise. Through these member forums, thousands of industry participants gather to share their views and ensure their collective voice is heard by governing entities throughout the world.

# BOARD OF DIRECTORS

SIFMA's Board of Directors manages SIFMA's businesses and affairs. The Board is geographically diverse, includes both small and large firms, and consists of broker-dealers, asset managers, and firms that support independent contractors.
