

Enhancing The Stock Market Game™ Experience Through Writing

“I have been teaching the Stock Market Game for 17 years. InvestWrite is a great way to tie all the learning together. Outstanding program!”

Teaching Students to InvestWrite®

InvestWrite® is a highly successful extension of The Stock Market Game™ program that sharpens students' critical thinking skills as they compose essays on investment related topics. The program builds a bridge between classroom learning and real-world investment decisions and meets Common Core Standards. Students are given an investment scenario, requiring them to assess, research, and then formulate possible solutions based on their own findings, logic and ideas.

InvestWrite® is an innovative national writing competition that serves as a culminating activity for Stock Market Game participants. It adds another critical thinking component and reinforces the concepts of long-term planning.

InvestWrite® challenges students participating in The Stock Market Game program to demonstrate what they learn in the classroom by asking them to respond in a thoughtful way to a specified “real life” investing situation.

“InvestWrite is a great opportunity for students to articulate the knowledge they have gathered about the stock market and the importance of saving and investing for long term goals. Great program!”

— InvestWrite Judge

Students have entered the world of business and finance by participating in The Stock Market Game™ program. The perfect companion, our teacher-designed writing component and competition reinforces their newfound knowledge and engages them in research.

Utilizing feedback from teachers nationwide, InvestWrite® helps connect the classroom to the real world. InvestWrite® complements the Stock Market Game™ program learning experience and easily integrates across subjects throughout curriculum and across disciplines.
