### Teacher Testimonials:

“ The Stock Market Game is a wonderful learning tool. My students enjoyed playing the game. They have learned a lot; some have contacted stock brokers, visited banks and have encouraged their parents to invest for retirement. I rate the Stock Market Game A+.”

*Teacher, West Jefferson High School, Harvey, LA*

“ I use the Stock Market Game in my 5th grade math class. We used real world issues to understand market fluctuations. I incorporated speakers into my room to further understand investing and saving.”

*Teacher, Poplar Bridge Elementary School, Bloomington, MN*

“ My students are probably more knowledgeable than many adults in my town.”

*Teacher, Franklin Junior High School, Franklin, OH*
