The 2018 Guide to Products and Services for the Securities Industry

SIFMA is the leading trade association for broker-dealers, investment banks and asset managers operating in the U.S. and global capital markets. On behalf of our industry's nearly 1 million employees, we advocate on legislation, regulation and business policy, affecting retail and institutional investors, equity and fixed income markets and related products and services. We serve as an industry coordinating body to promote fair and orderly markets, informed regulatory compliance, and efficient market operations and resiliency. We also provide a forum for industry policy and professional development. SIFMA, with offices in New York and Washington, D.C., is the U.S. regional member of the Global Financial Markets Association (GFMA). For more information, visit www.sifma.org.

The global network of EY firms understands the importance of asking great questions. It's how you innovate, transform and achieve a better working world. Finance and capital markets fuel our lives. No other sector can touch so many people or shape so many futures. That's why globally our network includes 26,000 people who focus on financial services. Our financial services teams are dedicated to providing assurance, tax, transaction and advisory services to the banking and capital markets, insurance, and wealth and asset management sectors. It's our global connectivity and local knowledge that ensures we deliver the insights and quality services to help build trust and confidence in the capital markets and in economies the world over. The better the question. The better the answer. The better the world works.

Unsure how to navigate today's complex landscape? We can help.

Every day, financial institutions of all sizes and scale look to Deloitte to help turn critical and complex business issues into opportunities for growth, resilience, and long-term advantage. Our experienced team of more than 4,200 banking and securities professionals deliver innovative services to help you navigate through today's complex landscape—and your most important issues, including shortened settlement cycle (T+2), DoL fiduciary standard, liquidity, cybersecurity, and regulatory reform in addition to state of the art, industry leading Audit and Tax services.

Transform risk and complexity to your advantage

In an environment of disruption and unforeseen risk and regulation, it's challenging for financial services businesses to change course midstream.

Whether driven by business transformation, regulatory compliance, global events or customer preferences, the pace and nature of change can be dizzying. And what has made your company successful in the past may not work as well in the future. Our professionals can help you explore your long-term challenges and opportunities. They can work with you to build capabilities to anticipate and respond to expected and unexpected disruption to not only survive, but thrive in an uncertain environment.

Michael Finck, Managing Director | 212.747.9100 | Michael_Finck@GlobeTax.com

GlobeTax is the leading provider of withholding tax recovery services for institutional and high-net worth investors receiving cross-border investment income. Through the firm's MIDAS™ platform, GlobeTax offers relief at source for all depositary receipts, foreign shares, and debt products, systematizing withholding tax reclamation for financial market participants across the custody chain. GlobeTax helps clients maximize investment returns by ensuring that investors receive all legal entitlements from excess cross border withholding tax with fees fully contingent upon successful recoveries. GlobeTax is also the market infrastructure for tax reclaims on ADRs, as the appointed agent for the issuing depositary banks. The firm has offices on four continents and clients in over 40+ countries, filing over 7 million claims a year.
