#### Networking Reception

PwC's Financial Markets practice, is a global network of teams of over 500 financial products specialists operating in over a dozen cities across the U.S. and several key locations throughout the world. The Financial Markets practice interacts and has built lasting relationships with those in the financial services and corporate industries. This coupled with their ongoing conversations with the regulators, makes the Financial Markets practice uniquely placed to partner with their clients to deliver sustainable solutions whether that be in the regulated or non regulated space. Regulation, or a lack of, is the driving force of discussions throughout boardrooms across the world. FSR is working with their clients to understand how to manage the requirements of numerous regulations, as well as implementing effective plans to restructure businesses to meet these new needs on an ongoing basis. For non regulated entities, the Financial Markets practice is working with clients to help them take full advantage of the opportunities within the market. Financial Markets is comprised of subject matter experts on virtually all asset classes (including Residential and Commercial Mortgages, Auto Loans and Leases, Credit Cards, Student Loans, Derivatives, Commercial Loans and Bonds, Debt and Equity Securities, etc.). The team specializes in providing services around model governance and validation, accounting advisory, end-to-end transaction support and valuation, business processes and controls, tax and treasury, and capital funding strategies, all as they relate to financial markets.
