Aplomb Strategies helps financial institutions capitalize on global market structure changes. Our focus guides our client partners to understand and implement new organizational processes to address global regulatory change, mitigate work flow inefficiencies, launch new products and implement cost optimization to drive opportunities for growth.

Aplomb advises senior management, recommends technology solutions, develops project plans, implements regulatory strategies and conducts end to end reviews of procedures to support compliance across asset classes (equities, listed options, futures, fx, fixed income and OTC derivatives).

As the world's largest equity derivatives clearing organization and the foundation for secure markets, OCC is a cost-efficient, customer-driven organization that delivers world-class risk management, clearing and settlement services to the exchange-listed options market. Our role as a Systemically Important Financial Market Utility (SIFMU) is critical to providing financial stability for market participants, investors, and the economy. Today, our financial guarantee and central counterparty role extend beyond

listed options to OTC options, financial and commodity futures, security futures, and securities lending. Named 2016 Clearinghouse of the Year – The Americas by *FOW Magazine* and 2016 Clearinghouse of the Year by *Global Investor/ISF magazine*, OCC also promotes continued education of the exchange-listed options markets through The Options Industry Council (OIC).
