ANTI-MONEY LAUNDERING & FINANCIAL CRIMES CONFERENCE

OVERVIEW

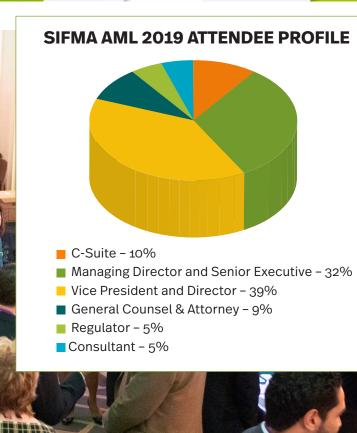

SIFMA's Anti-Money Laundering & Financial Crimes Conference is the leading forum for professionals from the securities industry, regulatory agencies and law enforcement to discuss current legal and regulatory developments and priorities in the AML and financial crime space.

AML and financial crimes professionals serve a vital role in compliance departments at leading firms. Don't miss this opportunity to gather with peers and learn about current developments in the financial crime legal and regulatory landscape and firms' methodologies for identifying and adapting to new trends, typologies and legal and regulatory changes. Join in the conversation about the path forward. Throughout the two-day program, participants will have the opportunity to hear directly from the industry's regulators; participate in closed-door breakout sessions and network with policy makers and peer compliance professionals.

The targeted audience includes experts from the financial services industry, regulatory agencies and law enforcement to examine trends in:

- emerging issues relating to anti-money laundering
- compliance
- industry hot topics (such as elder exploitation, cannabis, cyber)
- economic sanctions and anti-bribery/anti-corruption compliance
- changes in regulatory expectations and requirements

Industry partners offering solutions in the anti-money laundering and financial crimes space are invited to participate as supporting sponsors of this exciting event.
