ATA RiskStation™ is an enterprise technology solution for broker dealers and wealth advisors that supports **Client Engagement**, **Risk Oversight** and **Compliance Support** backed with comprehensive and deep daily **Audit Trail**. As a completely new niche, ATA RiskStation™ INTEGRATES with existing technology solutions at a client firm so is NOT intended to replace existing technology investments. Client Engagement can help client stay on plan during periods of market stress, grow wallet with existing clients, win new clients and retain/recruit advisors to the firm. Risk Oversight is active across all individual client households and the whole enterprise across all levels. Compliance includes deep functionality to support the compliance team, including with the new **SEC Reg Best Interest** rules. Audit Trail is provided on all post processing daily granular data saved at the client, account, position, scenario and parameter levels.

The Bates Compliance team of experienced industry professionals, senior compliance staff and former regulators brings tailored consulting services and solutions to broker-dealer, registered investment adviser, and hybrid firms on an as-needed or ongoing basis. Bates Compliance, a division of Bates Group, assists firms through the implementation phase of Reg BI, including disclosure obligations, duty of care obligations, conflicts of interest obligations, Form CRS, impact and readiness assessments, product shelf review, drafting new policies and procedures, data capture and recordkeeping, compliance and sales training, and additional compliance obligations. Our seasoned industry professionals prepare, review and test policies and procedures, supervisory and compliance processes, and the related practices involved in operating your business. We recommend changes and industry standards to supplement and enhance your compliance and supervisory systems, and to remediate the results of regulatory, litigation, and internal audit findings and decisions.

Contact: David Birnbaum, Managing Director, Bates Group, 5005 SW Meadows Road, Suite 300 Lake Oswego, OR 97035 / 917.273.2682 / contact@batesgroup.com / <https://www.batesgroup.com/practice-area/bates-compliance>

NICE ACTIMIZE

NICE Actimize's Reg BI Surveillance solution automatically identifies related communications, in any modality from voice to text, while creating an alert on the recommendation if the conversation is aggressive or pushy, and detecting associated risks with cost and suitability models. For each alert, the solution will automatically search and display all transactions, disclosures and recommendation conversations to allow for a complete understanding of what happened. The NICE Actimize Reg BI Surveillance solution combines the value of market leading Communication Surveillance and Sales Practices & Suitability solutions with integrated case management and automated workflows to create the first comprehensive Reg BI Surveillance solution.
