EY is a leader in serving the financial services industry

We understand the importance of asking great questions. It's how you innovate, transform and achieve a better working world. One that benefits our clients, our people and our communities. Finance fuels our lives. No other sector can touch so many people or shape so many futures. That's why globally we employ 26,000 people who focus on financial services and nothing else. Our connected financial services teams are dedicated to providing assurance, consulting, strategy, tax and transaction services to the banking and capital markets, insurance, and wealth and asset management sectors. It's our global connectivity and local knowledge that ensures we deliver the insights and quality services to help build trust and confidence in the capital markets and in economies the world over. By connecting people with the right mix of knowledge and insight, we are able to ask great questions. The better the question. The better the answer. The better the world works.

Torstone Technology, a leading SaaS platform for post-trade securities and derivatives processing technology. Our post-trade platform was originally built by and for a global investment bank. At the core of its design is the ability to flex to new requirements: to be fast, flexible and future-proof. Using the Torstone Platform, you can manage the entire cross-asset post-trade workflow, from trade capture and confirmation through to reconciliation, all in a single, integrated platform. This helps you reduce costs, achieve greater control, minimise risk, and drive operational efficiency.

Torstone puts many decades of investment banking expertise together with in-depth global financial market and technology industry knowledge to offer agile, secure, scalable, and cost-effective solutions. Using our fully integrated cloud-based technology means you spend less time on manual processing and maintaining regulatory compliance, and more time with your customers.

We are a fast-growing company headquartered in London, with offices in New York, Toronto, Hong Kong, Singapore, and Tokyo.
