ABOUT SIFMA

SIFMA is a member-driven organization. As the voice for the U.S. securities industry, we convene financial professionals from hundreds of broker-dealers, investment banks and asset managers. Through our members’ work on our committees, we engage with policymakers and regulators through comment letters, testimony, research and more. This Guide provides an overview of SIFMA’s committee structure: 33 standing committees, 31 forums and 8 advisory councils overseen by 6 Board subcommittees.

SIFMA offers three categories of membership: 1) SIFMA members, representing broker-dealers and investment banks, 2) SIFMA Asset Management Group (SIFMA AMG) members, representing asset managers and offering a distinct set of committees and functions, and 3) associate members, representing other market participants.

Global Alliances
SIFMA is the U.S. regional member of the Global Financial Markets Association (GFMA).

GFMA brings together three of the world’s leading financial trade associations to address the increasingly important global regulatory agenda and to promote coordinated advocacy efforts. The Association for Financial Markets in Europe (AFME) in London, Brussels and Frankfurt, the Asia Securities Industry & Financial Markets Association (ASIFMA) in Hong Kong and SIFMA in New York and Washington are, respectively, the European, Asian and North American members of GFMA.

Committee Practice Guidelines
To provide an efficient and effective committee governance framework, SIFMA’s committees are guided by these guidelines.

The Board of Directors may create standing committees consisting of subject matter experts who review and develop policy for advocacy consistent with SIFMA goals, mandate and mission. Standing committee membership may include volunteers employed by members, affiliates of members or associate members of SIFMA. Such committees shall be in existence as long as deemed appropriate by the Board of Directors and Chief Executive Officer.

The Board of Directors shall have the authority to create, reconstitute or eliminate forums at any time for the purpose of sharing industry best practices. A forum may include volunteers employed by members, affiliates of members or associate members of SIFMA.

The Chief Executive Officer or his/her designee shall have the authority to create, reconstitute or eliminate task forces, advisory councils, industry advisory councils, roundtables, and other membership groups deemed necessary to carry out SIFMA’s goals, mandate and mission. All groups are subject to SIFMA’s bylaws and Code of Ethics.

SIFMA’s unique strength has always been the deep engagement of our members on our board and committees.
Antitrust Compliance

Although the antitrust laws recognize that trade associations make many pro-competitive contributions to the American economy, the very fact that trade associations bring competitors together presents a risk that trade group discussions could lead to, or provide a basis for inferring, agreements which may raise antitrust concerns. Please refer to SIFMA’s antitrust compliance booklet, which provides guidance to SIFMA members and staff to minimize the risk of antitrust concerns with respect to SIFMA-related activities. Staff and members should never hesitate to consult with counsel about antitrust questions.

Useful Resources

Other useful resources for committee participants - including an online version of this Committee Guide, the full Antitrust Compliance Booklet, SIFMA and SIFMA AMG Member Directory, - may be found at http://www.sifma.org/committees.

Please contact SIFMA’s Office of Member Engagement with inquiries regarding your firm’s participation or requests to join a committee.
