GOLD

Nephila is a pioneer and leading investment manager specializing in cat and non-cat specialty (re)insurance, climate and weather risk. The firm has been active in the ILS markets since launching its first fund in 1998 and offers a broad range of investment products focusing on instruments such as insurance-linked securities, catastrophe bonds, insurance swaps, and private transactions across its robust platform. The platform includes Nephila Climate, a dedicated weather and climate risk transfer and ESG-driven business, Nephila Syndicate which offers non-cat specialty lines of business and Velocity Risk Underwrites, the only direct insurance entity today. Nephila has approximately \$9.4 billion in assets under management as of March 1, 2021 and is headquartered in Bermuda, with offices in San Francisco, CA, Nashville, TN and London. There are currently over 280 employees with expertise in finance, seismic engineering, catastrophe modeling, risk management and traditional underwriting.

MAYER | BROWN

Mayer Brown represents sponsors, arrangers, initial purchasers and investors in connection with insurance-linked securities offerings, including catastrophe bonds, sidecars, extreme mortality bonds, mortgage insurance-linked notes, and life reserves and embedded value securitizations, as well as the formation of ILS funds. Our team has acted on more than 100 ILS offerings in the last 5 years alone. Many of our transactions have broken new ground at the convergence of the insurance and capital markets, and we have been at the forefront of the development of third-party capital management arrangements in the reinsurance markets. Mayer Brown was honored to be named "Financial Facilitator of the Year" at last year's *Trading Risk Awards*.
