Smarsh[®] is the recognized global leader in electronic communications archiving solutions for regulated organizations. The Smarsh Connected Suite provides innovative capture, archiving, e-discovery, and supervision solutions across the industry's widest breadth of communication channels.

Scalable for organizations of all sizes, the Smarsh platform provides customers with compliance built on confidence. It enables them to strategically future-proof as new communication channels are adopted, and to realize more insight and value from the data in their archive. Customers strengthen their compliance and e-discovery initiatives and benefit from the productive use of email, social media, mobile/text messaging, instant messaging and collaboration, web, and voice channels.

Smarsh serves a global client base that spans the top banks in North America and Europe, along with leading brokerage firms, insurers, and registered investment advisors. Smarsh also enables federal and state government agencies to meet their public records and e-discovery requirements. For more information, visit www.smarsh.com.

Wealth management firms can provide holistic advice and a valuable liquidity option by offering a streamlined, state-of-the-art securities-based lending (SBL) solution for their advisors and investors. Supernova's software platform serves the SBL needs of over 100,000 financial advisors through partnerships with the leading wealth management firms in the industry. Our solution helps firms by increasing investor loan completion and utilization rates, improving advisor SBL adoption, accelerating loan origination to hours/days, not weeks with full integration, and providing full transparency of key loan details. Supernova was founded by advisors for advisors, and our end-to-end digital loan technology is robust yet easy-to-use. Supernova's clients achieve remarkable results.

For more information about Supernova Technology visit: www.supernovacompanies.com/contact-us to see the difference our SBL solution can make at your firm.
