

Meet SIFMA

A brief introduction for our valued broker-dealer and asset manager members

SIFMA's members count on us to be their principal advocate and forum for industry policy and professional development. A key benefit of full membership is participation in our committees, forums, and roundtables. These groups drive SIFMA's work on behalf of our members. All employees of SIFMA member firms receive discounted or complimentary access to our educational events and webinars.

Who We Are

SIFMA is the voice of the nation's securities industry, bringing together the shared interests of hundreds of broker-dealers, investment banks and asset managers. We advocate for effective and resilient capital markets. We also serve as an industry coordinating body to promote fair and orderly markets, informed regulatory compliance, and efficient market operations and resiliency.

We are a member-driven organization. The combined businesses of SIFMA's members represent 75% of the U.S. broker-dealer sector by revenue and 50% of the asset management sector by assets under management. Our unique strength is the deep engagement of our members on our committees.

Our Work

At SIFMA, we believe that public policy and financial regulation should support these key tenets:

- Ensure high standards of market integrity and investor protection
- Encourage pools of capital through private and public pensions
- Promote financial literacy and a strong retail investor culture
- Calibrate supervision and regulation with robust capital formation and growth

The following are just some of several key issues facing the capital markets and financial industry today.
