Helping our children to become financially literate will ensure that they are well prepared to make smart financial decisions as they come of age. Programs like the Stock Market Game™ provide a foundation for the youth of today to be the vital contributors to society of tomorrow.
The SIFMA Foundation is dedicated to fostering knowledge and understanding of the financial markets for individuals of all backgrounds with a focus on youth. Drawing on the support and expertise of the financial industry, the SIFMA Foundation provides financial education programs and tools that strengthen economic opportunity across communities and increase individual awareness of and access to the benefits of the global marketplace.

Thank You To Our 2022 Partners

Through the generous support of SIFMA member firms, corporate partners, private foundations, and individuals, the SIFMA Foundation has provided students in grades 4-12, their teachers, and their families with a deeper understanding of the essential role that financial markets play in the global economy, while also reinforcing their knowledge of personal finance.

Grants and financial contributions have fueled the development and expansion of existing programs.

When you and your company contribute to the SIFMA Foundation, you:

Provide first-hand access to the fundamentals of bond, mutual fund, and stock investing to audiences who might otherwise never have this opportunity.

Educate young people about the role that the securities and financial industries play in strengthening the nation.

Protect and grow the economy through the creation of an informed investor public and a new generation of financially literate youth.

Join us in our mission to provide individuals access to the tools and skills they need to lead financially independent lives and to help our communities and our nation grow and prosper.
